

Lake Louise

The Rockies' Biggest, Canada's Best

Who are we looking for?

The Lake Louise ski area is a world-class resort that offers some of the finest terrain in North America. If you combine this with outstanding training and the most competitive wages in the area, you have found the ultimate job.

Our mission is to offer the best vacation and recreational experience possible.

Not all of us directly serve guests, but all of us work with other staff. If you are not serving our guests directly then you are likely dealing with someone who is. Whether you work behind the scenes or on the front lines, we contribute to the success of the resort and the memories our guests take with them when they leave. Are you enthusiastic? Self-motivated? Wanting to experience the most the Rockies have to offer?

Please ask your consultant at OWH for our grooming policy.

You must be willing to make a commitment to the Lake Louise resort till at least the end of the season in which you have been hired.
