

Staff Accommodation at Big White

The fall and early ski season are very busy times at Big White Ski Resort. Many prospective employees are arriving for job interviews and work. Also everyone is looking for a place to stay during the winter. Big White is pleased to offer a limited number of staff accommodation beds to our staff. These Staff Accommodation beds are proportionally allocated based on department size, so each department only has a limited number of beds. The allocation of beds will not be known until early November.

Most staff will find accommodations through looking on the internet, calling the "For Rent" signs in the unit windows, getting our referral list, going to our local Real Estate companies or chatting with the Building Managers. The average employee pays from \$450 to \$550 per month for shared accommodations. This ranges from several friends renting a house to two to four folks renting a one-bedroom condo.

Big White's winter season can start as early as mid October or as late as early December. Because of this, some time can pass between your successful job interview and your employment start date. To deal with this time you should come with sufficient money to carry you for at least one month.

Staff accommodation is limited and given to staff who start in mid December. It is best to book into the hostel which is located on the mountain for the first week, until you find more permanent accommodation.

There are a number of apartments and condo's available for rent in Big White, all are fully furnished with full kitchens and some have JACUZZIE'S on the deck.... VERY NICE!

Cost of housing varies depending on the size and location of the apartment. The cost of housing is approximately \$150.00 to \$175.00 CAD/WEEK, a bond will also be payable.
