adventure that works

Resort Profile : Lake Louise Resort.

A world class resort in a World Heritage site is a rare combination and the result is a satisfying and effective blend of wilderness and comfort. Located in the heart of the Banff National Park, the back drop is essential to the superior outdoors experience for which the resort is famous.

With 4200 skiable acres, Lake Louise is one of the largest ski areas in North America. The unique layout allows people of varying abilities to ski together; there are beginner, intermediate and expert runs down from every chair. Beginners and intermediate skiers have access to an abundance of gentle slopes and long cruising runs. Experts can explore endless chutes, glades, gullies and remote bowls in some of the Rockies' most challenging terrain.

The Village of Lake Louise and the Lake Louise Ski Area is located in Banff National Park, approximately 184 KM (115 miles) west of Calgary, Alberta, Canada and 60 KM (36 miles) west of the town of Banff.
