

Staff Accommodation: Silverstar

Very Exciting news this year, Silverstar are offering Staff Accommodation. Whether you want to live on the mountain or in the town of Vernon we have something that will suit you.

The Silver Lode Inn (on mountain) is designed as a hostel to house staff for employment accommodation right up at Silver Star. The price will be around \$500/person (approximately \$18cad / per night pp) for rent depending on the size and setup of the unit. The design is tentatively 2-4 people for standard rooms and 6-8 in the shared rooms. Every room features two bunk beds, most having a double bed option on the bottom, televisions, phones, coffee-makers and hairdryers. Some rooms have kitchenettes to cook their meals in the suite. There is also an indoor hot tub for all to enjoy.

Many of our rooms have views of Silver Star Mountain or the Monashee Mountains. The dining area will be converted into a common area for staff to gather, each their own meals and socialize.

The Blue Stream Motel is located right in downtown Vernon. Staff will be able to stay and then take a staff bus up to Silver Star. The staff bus will take between 35-40 minutes because of stop times.

Living in Vernon will give them access to grocery stores, movie theatres, pubs and restaurants, shopping and more. The motel sleeps about 34 people. All units furnished with coffee maker, full bath and shower and cable TV. Some of the units have kitchen's, however all staff will have access to the Ice Cream Parlour which they turn into a cafeteria and lounge area for staff.
